## ANNUAL REPORT TO THE CITIZENS OF GREENWOOD, SUMNER, WEST PARIS &amp; WOODSTOCK

Tri-Town Ambulance & Emergency Rescue Service, Inc., now in its fifth year of service, has had a busy, growing year in 1985. Following are some highlights:

1. NUMBER OF AMBULANCE RUNS BY TOWN:      AMBULANCE RUNS BY TYPE:

Greenwood	30	Emergency runs	178
Sumner	29	Routine transfers	100
West Paris	138	No transports	24
Woodstock	91	TOTAL 1985:	302
Mutual Aid	14		
TOTAL 1985	302		

1984: 310

1983: 222

1982: 195

- Search and Rescue Team officially joined Tri-Town, has 17 members, and participated in several search efforts in Oxford County.
- Tri-Town has added 6 new ambulance attendants, raising the total to 22 active members. Paying attendants while out on a call has been invaluable in keeping spirits and self-worth high, even though many volunteer hours are spent on training, being "on call", etc. The addition of Drivers has been a great success to us.
- We have purchased 9 portable radios, with the help of a federal grant, and have updated equipment.
- We have sponsored American Red Cross Advanced First Aid/CPR classes locally.
- Tri-Town has and will continue to dedicate all Memorials and specified donations toward the replacement of capital equipment.

Tri-Town Rescue will be relying more heavily than ever on our Auxiliary in 1986, as we attempt to absorb rising costs in fund-raising rather than by raising town subsidies. We need your support more than ever. We are very thankful to have many qualified volunteers willing to train and/or dedicate a piece of their lives in helping others. We always need more people: attendants, dispatchers, auxiliary, drivers, search and rescue members. Call Mary Emery today: 674-2866.

We are very proud to offer our EMERGENCY services to all residents/taxpayers free of charge. TRI-TOWN RESCUE: 1 + I.D. # + 800-482-7433.

Respectfully Submitted,  
CHRISTINE HEFLEY

Greenwood-Woodstock Solid Waste Committee Report  
For Year 1985:

Dear Taxpayers:

One year and two months has passed since your transfer site has been in operation. Start up date was November 1, 1984. Your committee has been confronted with many major problems during this ordeal.

On January 23rd, 1985 we were denied our license for operation by the Board of Environmental Protection. Although disappointed and upset, we decided we would approach Senator R. Donald Twitchell of Norway, for his assistance in the matter. After carefully going over all our facts and details we decided to appeal the B.E.P. decision and request another hearing.

After many meetings and preparation of our homework your committee along with Senator R. Donald Twitchell traveled to Augusta on April 10, 1985 and had a hearing with a full board and presented our facts to the best of our ability and we managed to reverse the former decision of the B.E.P. Board and our license was issued.

From 11-1-84 to 10-30-85 we delivered 54.36 tons to Lewiston and 502.70 tons to Auburn for a total of 557.06 tons. Our first years operation cost us approximately \$46.50 per ton to dispose of our garbage, and these costs are based on our current tipping fees of \$10.00 per ton, and \$17.25 per ton to Lewiston.

Even though we do have another year contract with the Auburn plant for \$10.00 per ton, it now appears all contracts are going to be cancelled and re-written for \$18.00 plus per ton. With this in mind we have set up a glass re-cycling system at the transfer station in hopes to get some extra savings from tipping charges and pick up some salvage value too.

We voted to have two citizens on our board, one from each town. James Chandler represents Woodstock and Gloria Redman for Greenwood.

Each and everyone on your Committee has worked very hard and earnestly to make this new venture successful and feel we have acted with open minds in our decision making. It would be great if we could please each and everyone of us 100%, but we all know this is an impossibility.

We have acted in the best interests of you the taxpayers and we will continue to abide by the rules and regulations of the D.E.P. and the State of Maine.

Sincerely,

James Chandler

We have examined the financial statements of the various funds of the Town of Greenwood for the year ended December 31, 1984, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the Town of Greenwood at December 31, 1984, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information is not necessary for a fair presentation of the financial statements, but is presented per statutory requirements and as additional analytical data. The information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF GREENWOOD  
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1984

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Greenwood conform to generally accepted accounting principles as applicable to governmental units.

A. Basis of Presentation

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues and expenditures. The various funds are grouped by type in the financial statements.

Governmental Funds

General Fund - The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds.

Special Revenue Fund - Special revenue funds are used to account for revenues derived from specific taxes or other earmarked revenue sources, including federal revenue sharing funds.

Fiduciary Funds

Trust Funds - Trust funds are used to account for assets held in trust by the Town for others.

B. Basis of Accounting

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when received in cash except for property tax revenues which are recorded as deferred tax revenues unless collectible within sixty days following the year end. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred.

C. General Fixed Assets

The Town does not maintain a record of its general fixed assets. Expenditures for property and equipment are charged against departmental operations whenever such items are purchased.

## 2. Property Tax

The Town's property tax for the current year was levied October 15, 1984 on the assessed value listed as of April 1, 1984 for all real and personal property located in the Town. Taxes were due November 1, 1984 with interest at the rate of 15% per year or part thereof unpaid on or before December 31, 1984. A 2% discount was voted for all taxes paid within 30 days from date of mailing.

## 3. Deferred Tax Revenues

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized to the extent it will be collected within sixty days following the year end.

### Prior Period Adjustment -

The January 1, 1984 general fund balance has been restated to comply with the accounting principles specified by the pronouncement of N.C.G.A.

	<u>Fund Balance Restated</u>	<u>Deferred Tax Revenues</u>

Excise Taxes	\$6,906.00
State Revenue Sharing	<u>1,222.12</u>
Total	<u>\$8,128.12</u>

## 5. General Fund Budget

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles on which, amounts for appropriations have been recommended by the Board of Selectmen.

6. Designated for Capital and Special Reserves

Capital and special reserve accounts for various purposes have been established in the past by statutory provisions or by vote of the townspeople. These accounts were invested in time deposits at the year end.

7. Designated for Subsequent Years' Expenditures

Historically, the townspeople vote to allow the Selectmen to carry certain departmental unexpended balances and/or overdrafts forward to the following year for expenditures. This is usually in lieu of additional appropriations in any particular account.

At December 31, 1984, the following operating account balances were carried forward:

General Government	\$ 10,401.06
